# HANNA

# ALBERTA

The SALE of This New Important

# Canadian Northern Railway

DIVISIONAL POINT WILL TAKE PLACE ON

## WEDNESDAY, AUGUST 7th, AT SASKATOON

Hanna is the second divisional point west of Saskatoon on the Saskatoon-Calgary line of the Canadian Northern Railway.

Hanna is the junction point of the Saska-toon-Calgary line and the Canadian Northern line running to the important and growing Brazeau Coalfields territory.

Hanna is to be the divisional point on the proposed Canadian Northern line connecting Vermilion with Medicine Hat.

Hanna has all the advantages required to produce an important town of rapid growth.

Hanna is the centre of one of the richest and most populous areas in Alberta.

Hanna has a huge and very productive area extending for long distances on all sides. At present time government statistics show that

10,866 homesteads have been taken up during 1910-11 within a radius of eighteen miles of Hanna. Only 654 are still available within this radius. This entire country is one of the best wheat growing districts in Alberta.

Hanna will quickly and necessarily become the chief distributing centre for this entire middle western section.

Hanna will have the railway facilities to give it this commanding position. It has also the proper kind of country back of it, and the popuation surrounding it to support an important town.

Hanna will grow fast into one of the very best towns on the Canadian Northern system.

Hanna has the best prospects of any western town ever offered to the public by the Canadian Northern railroad.
